Platinum Travel MD announces extensive range of benefits for clients in alliance with Signature Travel

Wednesday June 22, 2016. Platinum Travel Corporation (Platinum) Managing Director Greg McCarthy has announced that the leading provider of travel management and event solutions has partnered with highly regarded global Signature Travel Network (Signature).

The alliance is the first for Signature in Australia and will provide an extensive range of privileges for Platinum clients at more than 900 hotels, resorts, lodges and spas around the globe.

Commenting further on the partnership with Signature Greg McCarthy said Platinum clients will receive exclusive privileges and complimentary benefits that will make their stay more rewarding and memorable. "Varying with the property, room type, length and date of stays, clients can receive up to \$450 of special benefits that can include daily complimentary breakfast, room upgrades, early check-in/late check-out and \$100 dining or spa/resort credit".

"Many of the Signature hotels include airport transfers, in room gifts, complimentary round of golf and amenities as part of the VIP welcome for Platinum clients".

In addition to the extensive global range of hotels, spas and resorts, clients will have access to similar savings, upgrades and privileges on thousands of luxury cruises. Some of these experiences will include complimentary and exclusive shore events – even a car and driver at some selected destinations.

To ensure that Platinum clients maximise the potential of the exciting new offering, they will have access to dedicated Signature accredited leisure travel specialists. The Signature Personal Travel Managers can be contacted via telephone, email or in person.

A further benefit will be the Platinum and Signature branded hotel and resort directory, a beautiful coffee table book detailing a selection of the exclusive offers.

Platinum was established in September 2009 in response to marketplace demand for a dedicated business travel organisation that could meet business and leisure travel requirements as well as event management solutions.
